Monthly premium (You must also continue to pay your Medicare Part B premium.)	\$152	\$147

- Your monthly plan premium will be *more* if you are required to pay a lifetime Part D late enrollment penalty for going without other drug coverage that is at least as good as Medicare drug coverage (also referred to as “creditable coverage”) for 63 days or more.

Section 1.2 Changes to Your Maximum Out-of-Pocket Amounts

Medicare requires all health plans to limit how much you pay “out-of-pocket” for the year. These limits are called the “maximum out-of-pocket amounts.” Once you reach this amount, you generally pay nothing for covered services for the rest of the year.

Cost	2022 (this year)	2023 (next year)

Changes to Part D Prescription Drug Coverage

Changes to Our Drug List

Our list of covered drugs is called a Formulary or “Drug List.” A copy of our Drug List is provided electronically.

We made changes to our Drug List, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs. **Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions.**

Most of the changes in the Drug List are new for the beginning of each year. However, during the year, we might make other changes that are allowed by Medicare rules. For instance, we can immediately remove drugs considered unsafe by the FDA or withdrawn from the market by a product manufacturer. We update our online Drug List to provide the most up to date list of drugs.

If you are affected by a change in drug coverage at the beginning of the year or during the year, please review Chapter 9 of your *Evidence of Coverage* and talk to your doctor to find out your options, such as asking for a temporary supply, applying for an exception and/or working to find a new drug. You can also contact Member Services for more information.

We have made changes to the list of insulin drugs that will be covered as Select Insulins at a lower cost-sharing. To find out which drugs are Select Insulins, review the most recent Drug List we provided electronically. You can identify Select Insulins by looking for the **"SI"** indicator in the Requirements/Limits column of the Drug List. If you have questions about the Drug List, you can also call Member Services (Phone numbers for Member Services are printed on the back cover of this booklet).

Changes to Prescription Drug Costs

Note: If you are in a program that helps pay for your drugs (“Extra Help”), **the information about costs for Part D prescription drugs may not apply to you.** We sent you a separate insert, called the “Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs” (also called the “Low Income Subsidy Rider” or the “LIS Rider”), which tells you about your drug costs. If you receive “Extra Help” and you haven’t received this insert by September 30th, please call Member Services and ask for the “LIS Rider.”

There are four “drug payment stages.”

The information below shows the changes for next year to the first two stages – the Yearly Deductible Stage and the Initial Coverage Stage. (Most members do not reach the other two stages – the Coverage Gap Stage or the Catastrophic Coverage Stage.)

How we guard your privacy

What personal information is — and what it isn't

By “personal information,” we mean information that can be used to identify you. It can include financial and health information. It doesn't include what the public can easily see. For example, anyone can look at what your plan covers.

How we get information about you

We get information about you from many sources, including you. We also get information from your employer, other insurers, or health care providers like doctors.

When information is wrong

Do you think there's something wrong or missing in your personal information? You can ask us to change it. The law says we must do this in a timely way. If we disagree with your change, you can file an appeal. Information on how to file an appeal is on our member website. Or you can call the toll-free number on your ID card.

How we use this information

When the law allows us, we use your personal information both inside and outside our company. The law says we don't need to get your OK when we do. We may use it for your health care or use it to run our plans. We also may use your information when we pay claims or work with other insurers to pay claims. We may use it to make plan decisions, to do audits, or to study the quality of our work. This means we may share your information with doctors, dentists, pharmacies, hospitals or other caregivers. We also may share it with other insurers, vendors, government offices, or third-party administrators. But by law, all these parties must keep your information private.

When we need your permission

There are times when we do need your permission to disclose personal information. This is explained in our Notice of Privacy Practices, which took effect October 10, 2020. This notice clarifies how we use or disclose your Protected Health Information (PHI):

- For workers' compensation purposes
- As required by law
- About people who have died
- For organ donation
- To fulfill our obligations for individual access and HIPAA compliance and enforcement
